

TEMPERATURE – SENSITIVE

Our New Service

FB Logistics, an established value in Dedicated Trucking at Brussels Airport, already for several years, will be able to offer some extra service as from today.

Due to the high demand for transportation of Pharmaceutical and temperature controlled shipments we concentrated ourselves on that specific area.

With the gained experience of specialists and joined efforts, we can announce you with proud that we are now GDP and more specifically IATA CEIV Pharma Certified.

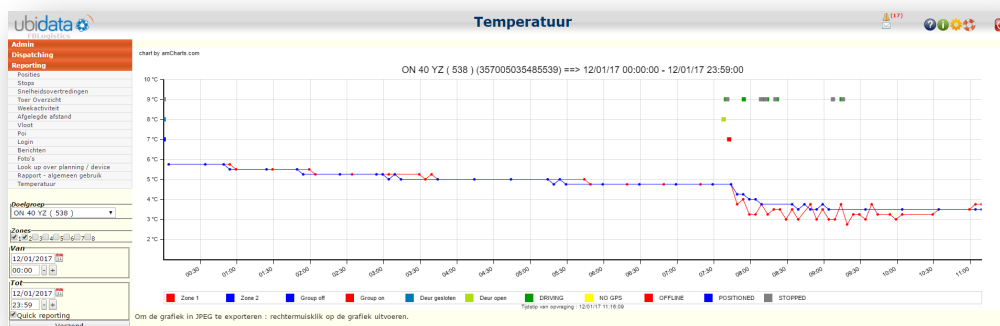

The main new service we will offer:

Trucking (dedicated) of pharmaceutical and temperature sensitive goods

- Bi-temp controlled trailers
- Continuous monitoring of temperature (*when required graphics and table figures obtainable*)
- GDP-Trained drivers and office staff

All request will be handled with the necessary professionalism.
